C13 5 Vintage Sitar Pinot Noir: 2008, 2009, 2010, 2011, 2012

2008 Prelude, 2009 Verse,

2010 Chorus, 2011 Finale, 2012 Encore

An artistic collaboration conceived by vintner Dr. Madaiah Revana, Sitar Wines brings together the craft of the winemaker and the artist under the unifying concept of music.

Dr. Revana created the highly successful Napa Valley [Revana Family Vineyard](#) as well as the more recently heralded [Alexana Winery](#) of the Willamette Valley in Oregon. While pondering this project, Dr. Revana found the sitar (an intricate and challenging instrument, whose 23 strings require constant fine-tuning and maintenance) to be the perfect metaphor for the production of an exclusive, limited production Pinot Noir as well as an ideal link to his Indian heritage.

To further embrace the concept of artistry in wine, Dr. Revana asked his friend and renowned artist Thomas Arvid to create an original piece of artwork for the wine's label. At the same time, he contacted another friend, the highly respected winemaker Tony Rynders, to craft the Sitar Pinot Noir. The trio have composed an entirely unique wine – Sitar Pinot Noir! This five-vintage series showcases the transformation of Thomas Arvid's artistic process from charcoal in 2008 to completed oil painting in the 2012 vintage and it is crafted from single vineyard sites across Oregon's Willamette Valley.

Organized as a land trust, Woodlands Conservancy was recognized as a 501 (c) 3 organization in 2001 to preserve and develop an ecosystem dedicated to creating daily public opportunities for recreation, ecotourism and education in a natural and historic setting. The vision of Woodlands Conservancy is to be the regional conservancy model for the conservation of hardwood forests, and a leader in the advocacy and preservation of Louisiana's coastal forest ecosystems.

Woodlands Conservancy currently manages the 609-acre Woodlands Trail in Plaquemines Parish including over 10 miles of trails that are free and open to the public from dawn to dusk. Ongoing projects include ecosystem restoration work on the 190-acre Delacroix Preserve in Orleans Parish, funded by USFWS and NRCS, and the implementation of Bird Banding Research stations in partnership with the Louisiana Bird Observatory funded by the Barataria-Terrebonne National Estuary Program.

LEAVE A LEGACY

Woodlands Legacy Society

When we conserve a property, it comes with the promise that it will be protected forever. The Woodlands Legacy Society is a very special segment of our membership who understand the importance of supporting the future of the land trust and are willing to help us keep that promise.

With almost 200 acres protected to date, our staff works diligently on caring and monitoring our existing properties while focusing on new conservation opportunities. Annual giving from our members will always be important to our work – it is critical and greatly appreciated. By including Woodlands Conservancy in your estate planning, you provide the means for Woodlands Conservancy to remain strong, successful, and always here to preserve the lands that you love in Louisiana.

What better way to thank the people or organizations that have had an impact on your life, than to make a gift that carries into the future? Charitable giving is not only for the wealthy! Gifts large and small are important.

WAYS TO GIVE

Every family's financial situation is unique and it is important that you work with your attorney or financial advisor to find the most suitable gift arrangement for you and your family. Woodlands Conservancy does not give tax or legal advice.

Gifts to the Stewardship Endowment Fund

Individuals may use many different methods to designate Woodlands Conservancy in their estate planning; what they share is a commitment to support continued conservation of forested wetlands and coastal lands.

Cash

Gifts of cash are fully deductible up to 50% of your adjusted gross income; any excess may be carried over and deducted for as many as 5 subsequent years.

Gifts of Stock

A gift of stock owned one year or longer generally offers two benefits: You receive an income tax deduction for the fair market value of the stock, and you avoid paying capital gains tax if the stock has appreciated in value.

Gifts of Real Estate

You may own a residence, vacation home, acreage or vacant lot that has no particular conservation value, but that has appreciated over the years and therefore, selling it would mean a sizeable capital gains tax. By donating such land (with the intention it will subsequently be sold by Woodlands Conservancy) you may avoid capital gains tax and may also receive a charitable deduction for the fair market value of the property.

Deferred Gifts

Often referred to as "a painless way of giving," deferred gifts provide many donors an opportunity to make an even greater contribution to Woodlands Conservancy than they are able to do in their lifetimes. Types of deferred gifts include the following:

Bequests

You may name Woodlands Conservancy in your will in any one of a number of simple ways. An outright gift of cash, either a designated dollar amount or percentage of your estate, could be specified. Gifts of securities, bonds, real estate, or other property may be specified.
